

Grand Suite

The Grand suite provides 2 spacious bedrooms and an abundance of closet/storage space. Other features include a small Kitchen-Dining Area and Private Bathroom with a sit-in shower.

This particular floor plan accommodates a pair of Residents sharing common amenities, but with their own individual sleeping quarters. Single occupancy is often expressed by a perspective Resident and therefore, our community will be more than accommodate this request.

Regal

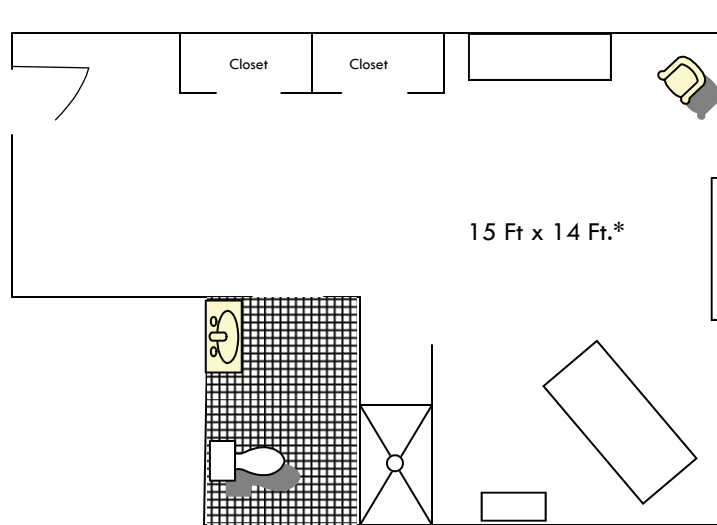

The Regal floor plan is a more cost effective package without the loss of living space. This beautiful floor plan offers a single closet/storage space, double windows and a private bathroom equipped with a sit-in shower and handicap rails.

Residents who occupy this unit are more than pleased with the amenities and the layout suited for a Resident's day-to-day activities.

Premiere

With our Premier Room, you will find a large and spacious apartment style room with 2 double picture windows, with an abundance of sunlight radiating through.

This particular floor plan is adapted to a resident's needs through the placement of 2 spacious closets and a private bathroom adequately equipped with a build-it seating shower and handicap railing for additional support.
